Flossmoor Country Club is Unable to Host Prom Pictures

Flossmoor Country Club has become a popular spot for students and families of Homewood-Flossmoor to meet and take photographs for prom. While Flossmoor Country Club (FCC) is proud to be a part of this amazing, growing community, it is decided that this year FCC will not be available for pictures for Homewood-Flossmoor High School's prom.

Flossmoor Country Club, located at 1441 Western Avenue, is a privately owned country club located in Flossmoor, IL. Due to the club's private nature and active banquets calendar, FCC cannot accommodate the large amount of students and families that wish to meet and take pictures prior to prom. This decision will extend to other high schools in the area, including Marian Catholic High School. Those that arrive, as well as other local prom dates, without membership or invitation to a private event will not be given access to the grounds or facility. This includes the club's parking lot and driveway entrance.

Prom groups have grown over the last decade, with elaborate prom send-offs becoming the recurring trend. Two years ago, the HF prom groups seen at Flossmoor Country Club amounted to roughly 400 people total without reservation or membership. As a result of the larger prom groups, the club is no longer able to handle the capacity without disrupting the membership and private events' needs. The staff at Flossmoor Country Club wishes those attending prom this year a wonderful time, and understands the importance of this memorable tradition.

FREQUENTLY ASKED QUESTIONS ABOUT PROM

Who is responsible for organizing prom?

Prom is organized by the Junior Class Student Government and Junior Class Sponsor, Courtney Alexander (courtney.alexander@hf233.org).

How is the cost of prom tickets determined?

The cost of prom tickets is determined by adding up the cost to rent the prom location, catering costs, DJ services, photography services, and prom favors and dividing this by the number of students expected to buy tickets. The Junior Class DOES NOT make any profit from the sales of prom tickets.

Who is responsible for selecting the location for prom and when does this occur?

The Junior Class Sponsor gets student input for selecting the location of prom, but because we have to compete with other schools when selecting a prom date and location, we usually book a prom location and date 1 $\frac{1}{2}$ to 2 years in advance which makes it difficult to obtain input from students who will be attending that prom.

What determines the location and date of Prom?

Factors that must be considered when selecting a location include capacity, parking, cost, safety, and availability of the facility. Since we are a large school, we are greatly limited in our selection. Prom is scheduled on a Saturday to reduce the number of student absences. We try to schedule prom when it will minimize conflict with AP testing or extracurricular activities.

Who selects the food for prom?

The prom menu is selected by the members from Junior Class Student Government. When making our choices, we are thoughtful about dietary preferences and common allergens (eg. nut allergies) of all students who might attend Prom. Our goal is to meet as many student tastes and preferences when designing food preferences and keep the price affordable as well.

Why do ticket sales end one week before prom?

Caterers require a final head count 1 WEEK before prom to finalize their food orders and staffing needs for our event. Once ticket sales have finished, a guest list must be compiled, non-HF guests must be cleared by the Deans' office, and this list must be copied for check in. The 8 days allows us time to make adjustments with the caterer based on initial estimates, and time to clear all students attending prom.
