

circumlocution

(sûr' kəm lō kyū'shən) *noun*

- *Definition: The use of unnecessarily wordy, indirect language*
Word Parts: circ = around locu = talk or speak
- *Sentence: People who use **circumlocution** may think they appear smart, but they really just sound ridiculous.*

Week of March 9

Do you have the audacity to doubt my veracity and to insinuate that I prevaricate when I am as pure and undefiled as the icicles that hang from a church steeple?
