SEMINAR IN TEACHING AND LEARNING LEADERSHIP
LEADER APPLICATION

Juniors and seniors enrolled in Seminar in Teaching and Learning Leadership (9205) earn honors credit for serving as peer leaders for students enrolled in Seminar in Teaching & Learning. Seminar Leaders work with small groups and individuals during the workshop portion of each day's class, assisting students with their work in the core subjects of English, math, science, and social science. Additionally, Seminar Leaders collaborate with Seminar in Teaching & Learning Teachers to plan and implement whole class activities and lessons. As Seminar Leaders assist others, they reinforce and expand their subject matter knowledge while they hone their communication and leadership skills. Simultaneously, Seminar Leaders improve their own study skills, identify their preferred learning styles, utilize multiple intelligences, and identify their inner character and intra-personal qualities.

RETURN COMPLETED FORM TO THE GUIDANCE OFFICE BY THE LAST DAY OF FEBRUARY.

Name: _____ ID# _____ Counselor _____

Date:_____

Briefly describe your reasons for wanting to be a Seminar Leader.

Briefly describe the academic qualities you will bring to the Seminar in Teaching & Learning course.
