H-F HIGH SCHOOL IMPLEMENTS EMERGENCY INSTANT ALERT SYSTEM

Flossmoor, IL, April 30th, 2008 – In an effort to effectively and quickly communicate with parents, Homewood-Flossmoor High School has implemented a new system called Honeywell Instant Alert for Schools on Wednesday, April 30th, 2008. Within minutes of an emergency, H-F will use Instant Alert to deliver a single, clear message by telephone, cell phone, e-mail, pager or PDA.

Right now Instant Alert will only be used for high importance situations including school closings and emergencies. A letter with more detailed information has been sent this week to the homes of H-F parents and guardians.

“We are very optimistic that this new service will provide parents with important information more conveniently and instantly,” said Director of Human Resources David Thieman.
